# THE HISTORY OF THE UNITED STATES

The history of the United States is a story of growth and change. From the first settlers to the present day, the nation has evolved through various stages of development. The early years were marked by exploration and the establishment of colonies. The American Revolution led to the birth of a new nation, and the subsequent years saw the expansion of territory and the growth of industry. The Civil War was a pivotal moment in the nation's history, leading to the abolition of slavery and the strengthening of the federal government. The 20th century brought significant social and economic changes, including the rise of the industrial revolution and the emergence of the United States as a global superpower. Today, the United States continues to shape the world through its leadership in science, technology, and international relations.

## If It's a Battery Be Sure It's New

It isn't good business to buy a battery that may be months old when you get it.

The only safe thing to do is to buy a Willard Battery with Threaded Rubber Insulation that has been shipped and stored bone dry, and consequently is *brand new* when it begins to work for you.

Drop in some time and let us explain this process to you and tell you why it is only possible with Threaded Rubber Insulation.

# CHIROPRACTIC

## NO DRUGS - NO SURGERY

Have you **CURVATURE** or are you troubled with your **SPINE, EYES, EARS, THROAT, NECK, LUNGS, HEART, STOMACH, LIVER, KIDNEYS**, or have you **PARALYSIS, RHEUMATISM, APPENDICITIS, PELVIC DISORDERS, FEVER**, or any acute or chronic disease?

## THE NEW WAY TO HEALTH

**CHIROPRACTIC** is a scientific method of restoring normal health conditions by relieving trunk nerve pressure, which is the cause of most of the diseases of the body. Perfect alignment of the vertebrae means perfect health. The qualified **Chiropractor** detects and corrects the slightest deviation from the natural position of any of the bones of the spinal column. **Chiropractic** is based on natural laws, requiring an intimate knowledge of **Anatomy** and efficient analysis of the spine.

**CHIROPRACTIC SECURES RESULTS AFTER ALL OTHERS FAILED—IT REMOVES THE CAUSE.**

## LADY PATIENTS

Ladies should have no hesitancy in going to a qualified **Chiropractor**, as you are not subjected to the annoyance and inconvenience which are imposed on you by other systems of healing; only slight portions of the spine need be exposed during adjustments. The results obtained for female troubles are very gratifying.

Should you be ailing from any disease whatever, and require information, I will be pleased to write you or call at your address.

### **HARDWOOD FLOORS**

are beautiful, economical, durable, healthful and labor saving. They are the common-sense answer to the floor question.

### **RATHBONE OAK VENEER FLOORING**

can be put down perfectly by any carpenter or by the man of the house if he is handy with tools. Being only three-eighths of an inch thick it is light and easy to handle, and even with strenuous wear it will last longer than the house itself.

### **WRITE FOR FOLDER**

Write for free folder which gives full particulars. State size of your room and we will quote you cost of flooring in quarter-cut white oak, plain red oak or birch.
